PROFESSIONAL EXPERIENCE

Front-End Developer

TVM INFOTECH | 2024 – Present

- Handled and completed two projects simultaneously using Angular, delivering both successfully within the 1-year agreement.
- Developed and optimized responsive user interfaces, ensuring performance and usability.
- Currently working on a third project as an Angular-based front-end developer, continuing to implement new features and collaborate with cross-functional teams.

Front-end developer as Fresher

BPO2IT | 2023 – 2024

- Worked on my first live project as a fresher, gaining hands-on experience with front-end tools, DevTools, Git, and common components.
- Developed and implemented new features using shared libraries, API calls, and impex query implementation.
- Familiarized with SAP Commerce Cloud, Hybris, and collaborated with backend teams to enhance project functionality.
- Contributed to the overall success of the project by delivering quality front-end solutions and improving performance.

Front-End Developer as Intern

Lato Technologies | 2023 – 2024

- Joined as a trainee, completed training, and was hired as an intern after an interview.
- Developed responsive web pages using HTML, CSS, and JavaScript.
- Collaborated with the team to implement design changes and improve website performance.
- Gained proficiency in front-end development tools and Git for version control.
